4 New Wildcats Drill In Milbur

By Lloyd Albertson

South Milam County continues to experience a runaway drilling boom with four new wildcats scheduled and one new well completed last week.

Three of the newly scheduled wildcats will be located in John Dunlop Survey 3 1/2 to 4 miles south of Milano. The fourth will be in the Morris Moore Survey. Location is northeast of Milbur Field production and apparently this is an attempt to extend the field.

One of the wildcats will be drilled by a new operator, W. P. Holloway of Austin, and will be his No. 1. W. T. Pearson, Location is on a 100 acre lease and permit depth is

3,500 feet or the basal Wilcox.

The second wildcat by a new operator, Varn Petroleum Corp. of Wichita, Kansas, will be their No. 1 H. L. Christi on a hundred acre lease 3 1/2 miles below Milano. Permit depth is 3,500 feet.

The other two wildcats scheduled also are 3,500 footers and will have the Wilcox as their objective. Both will be drilled by Luling Oil & Gas Company of San Antonio.

One test will be the company's No. 1 H. H. Coffield, located on a 100 acre lease; the other will be Luling's No. 1 Eastwood and Johnson, also on a 100 acre tract and located 4 miles south of Milano.

Newest producer completed in the Milbur Field is Ashland Oil & Refining Company's No. 3 Blackburn - Trammell, which reportedly had pipe moved in last week. Potential figures have not yet been released.

In other drilling activity in the county, Frank A. Krell, Jr., Bryan operator, has drilled his No. 1 Coufal 2 1/2 miles northeast of Buckholts, and the Betchan Drilling Co. rig has been moved off the lease to the Bickett tract southeast of Cameron where drilling is underway on another Navarro test.

The Coufal wildcat was an Edwards Lime try permitted to 2,000 feet, located on an 849 acre lease in J. A. DePena Survey.

Dr. Shapiro, 57 Dies Saturday, Buried In Pt. A

Dr. David Shapiro, 57, died at 3 a.m. Saturday in a Port Arthur hospital following an extended illness. Funeral services were held that afternoon at Port Arthur with burial in Greenwood Cemetery.

Dr. Shapiro practiced medicine in Cameron in association with Newton Clinic from 1945 until 1962 when he moved to Port Arthur to open a private practice there. While in Cameron he was appointed City Health Officer and was elected to the Cameron School Board for two terms.

He was a member of the Milam County Medical Society, American Medical Association, Texas Medical Association, and American Association of General Practitioners. He was a member of St. Monica's Catholic Church in Cameron.

Dr. Shapiro spent the early years of his life in New York. He received his medical degree from the Medical Academy of Dusseldorf, Germany in 1938. He completed a year residency in New York City General Hospital before entering the service in World War II.

Dr. Shapiro was in the Air Force Reserve and held the rank of lieutenant-colonel.

He is survived by his wife, of Port Arthur; a daughter, Mrs. William Goldstein of Brookhaven, New York; and a son, Thomas, a student at Lamar Junior College.

Brock Creates Western Art

It would seem a long step from the rough and tumble life of a rodeo rider to that of a sculptor and artist, but for Cameron's James Brock, the rodeo proved a classroom for his western art.

Brock was a professional rodeo rider, following the circuit in the Southwest for several years. Now he has transferred love of challenge and his knowledge of horses, cattle and cowboys to portraying on canvas and in clay the story of the early west.

His studio is reminiscent of a ranch bunkhouse from the outside and stands just a step from his horse corral and stables. Inside is a gallery of paintings that could serve as a textbook on the cattle drives and the men who drove them.

Brock's early work is displayed in the first room of his gallery. This room is also an art supply shop and includes a bench for framing pictures. His more recent paintings and his sculpture are in the second room which also serves as a studio.

The gallery is located at his ranch just off the old Waco highway near Walld Lake Door Factory. It is open to the public every day from 10:30 to 6 p.m.

The local artist is one of perhaps seven or eight true western artists in the United States. He has displayed his work in area shows and has sold paintings to western art enthusiasts in Texas, Montana and Wyoming. He said encouragement from Charles Normann, director of art at the Texas School of Fine Arts, and Kelley Pruitt, noted western artist, convinced him to devote full time to painting and sculpture.

Brock has several sculptures of horses and riders worked from clay, but on a recent trip to Taos,

New Mexico, Kelley Pruitt introduced him to working with a form of petroleum wax. Brock has completed two pieces in the wax and has plans for several more.

His attention to detail and knowledge of horses give his figures a life-like quality and a sense of movement. With a minimum of 20 buyers for his sculpture he will take the models to craftsmen in Milan, Italy, to be cast in bronze.

Reps To Tour City, Interview Women For Plant Survey

CAMERON SET FOR 'BEULAH' REFUGEES

Cameron was alerted to prepare shelter and food for refugees from Hurricane Beulah as the deadly storm with winds up to 160 miles an hour moved into South Texas Wednesday.

County Judge O. B. Harden said a call from Austin late Tuesday had alerted him to prepare for possible refugees in Rockdale and Cameron.

He said officials requested that people fleeing the storm area be sheltered and fed in central quarters.

The National Guard Armory, Simon George Hall and churches were designated as shelters in Cameron.

Judge Harden said some refugees had begun arriving in Rockdale early Wednesday and a truck load of food supplies from the county surplus commodities warehouse had been sent for distribution to shelters there.

The preparation was reminiscent of 1961 when the fury of Hurricane Carla sent 1500 evacuees from South Texas into Cameron creating a 25 percent population explosion overnight.

During that emergency sleeping equipment was put up in the National Guard Armory, local churches opened their doors to refugees from the storm and private homes sheltered and fed hundreds.

Local agencies quickly mobilized to help the evacuees. Milk was hard to find because of the influx of people. One milk company found 1,000 half pints of milk in Bryan and brought it in. Cameron Coca Cola Bottling Co. donated Cokes. Cameron Lions gave coffee. Some grocery stores stayed open late Sunday night, ran out of bread and milk and those who closed passed it on to the stores that stayed open.

CIF Plans Buses For Interviewees

A representative of a Dallas based garment factory will tour possible sites for a factory in Cameron Friday and will interview an expected 400 to 500 applicants for jobs at the Chamber of Commerce office Saturday.

Interviews begin 9 a.m. Saturday.

Narvie Caperton, chairman of the Cameron Industrial Foundation, said the factory would manufacture moderate priced dresses. He said it was one of the largest dress manufacturers in the Southwest

and presently manufactured 79,000 dresses a week in three Texas plants.

Women interested in work have been invited to apply at the Chamber office Saturday. The Cameron Chamber has also arranged to provide transportation for those who need it.

Caperton said arrangements were being made to bring job applicants from Calvert and Hearne by bus for interviews.

Thousands of leaflets have been distributed by CIF, Inc., officials around Milam County and neighboring communities.

Registration "does not obligate an applicant to accept employment," it was emphasized.

"Employees will be assured ideal working facilities with air conditioning. Pay will be excellent and experience will not be necessary to qualify nor is there an age limit," it said.

Interviews will be at the Chamber office, 112 East Second St., Cameron.

Persons needing transportation may receive help by calling the Chamber OX 7-2541.

Caperton said "we feel sure if we have sufficient applicants that they (the plant) will locate here."

The firm's officials will view buildings and construction sites in the Friday visit. If available buildings are not considered sufficient, Caperton said, the Industrial Foundation will build to meet company requirements on a lease-purchase plan.

Women only are being asked to the interviews. Jobs would be available for sewing and cutting and clerical, mailing and other types of work as well.

The plant would employ about 125 to 150 women to start if located here.

CHAPTER IN 50TH YEAR

"Fifty years of humanitarian service" by the Milam County Chapter of the American Red Cross were cited today by the American Red Cross when County Judge O. B. Harden received in behalf of the County a certificate marking the golden anniversary of the Chapter.

The award, presented at Milam County Courthouse, was signed by E. Roland Harriman, Chairman of the American National Red Cross since 1950, and Gen. James E. Collins (Ret.), the organization's President.

100 Girls Benefit

Girl Scouts Join CUF

The board of directors of Cameron United Fund has set a \$7,500 goal for the 1967 fund drive which begins October 9.

The Girl Scout program, which includes more than 100 local girls from second grade through high school, is one of the participating organizations. Others are Salvation Army, Red Cross and Boy Scouts.

Mrs. James Camp, neighborhood Girl Scout chairman, met with Scout leaders last week to organize troops for this school year. There are three Brownie troops, two Junior troops, one Cadette troop, and one Senior troop currently being organized.

Cameron Girl Scouts meet each week with their leaders in troop meetings at the Girl Scout Hut in

Wilson - Ledbetter Park. An additional room was completed the past year, which provides needed space for Scout activities.

A day camp is held each June in Wilson - Ledbetter Park for one week. The Girl Scout program throughout the year emphasizes work in arts, singing, homemaking, community awareness, camping, citizenship, and international friendship.

The Cameron Girl Scout program is part of the Lone Star Council with headquarters in Austin. Milam County is part of this 18-county council operating under a charter from the national Girl Scout organization.

The program is designed for girls to aspire to the highest ideals of

character, conduct, patriotism and service.

Mrs. Lester Williams is chairman of District IV of the Lone Star Council, which includes Cameron. Local leaders, who are trained through the council, are: Mrs. Clarence Hanel, Mrs. Bobby Stanislav, Mrs. Dean Trubee, Mrs. Flirsch Ermis, Mrs. Frank Luecke, Mrs. Morris Epley, Mrs. Ladis Marek Jr., Mrs. Stewart Perkins, Mrs. Ben Pierce, Mrs. Durwood Cobb, Mrs. Edison Fikes, Mrs. Olin Armstrong, Mrs. James Kahler, and Mrs. Ed Magre.

Other service team members include Mrs. John Moseley, Mrs. J. L. Callaway, Mrs. Lester Williams, Mrs. Bill Sheldahl, and Mrs. George Hollis.

Luecke Named To NNA Committee

Frank M. Luecke, 36, editor publisher of The Cameron Herald, has been named to a committee of the National Newspaper Association, professional organization of 6,700 American newspapers.

Luecke has been invited by NNA President John Biddle to serve on the Public Notice Committee of the national newspaper organization.

A meeting of the committee will be held at the NNA Fall Meeting in Milwaukee, according to Theodore A. Serrill, NNA executive vice president, Washington.

St. Monica lay leaders at a banquet in Temple opening the 1967 Catholic Diocesan Expansion Fund Campaign included: (front) Mrs. Joe Lee Vybral, Mr. Vybral, film chairman; Mrs. Lawrence Zoltz; (back row) Charles Kunz, parish chairman; Rev. John Geiser; and Lawrence Zoltz, auditor. Goal for the campaign this year is \$280,-

000. Among projects assisted by the DEF have been the charities program; food, clothing, housing, education for indigent; religious education for catholic children attending public schools; growing religious centers on the campus of state universities and colleges in the Austin diocese; mission parishes.

**Buckholts Sets
'67 Homecoming**

Buckholts High School will hold its 1967 Homecoming Saturday, September 30, according to Supt. Leon Brady.

Kickoff time will be 8 p.m. when the Badgers play the Milano Eagles. Preceding the kickoff will be the presentation of the 1967 Homecoming Sweetheart. Nominees are: Judy Beckhuesen, Janie Brady, Kim Coufal, and Marilyn Marek. Escorts will be seniors from the football team to be elected at a later date.

A supper will be held in the school lunchroom from 4:30 to 7 p.m. Prices per plate will be \$1 for adults and 75 cents for students.

PROGRAM ON

MEXICO OPENS

3 ARTS YEAR

Mrs. Perry Holder took Three Arts Club members on a guided tour of Mexico via slides and personal observations at their meeting Thursday afternoon.

home of Mrs. Dana Monroe. Mrs. Don Humble and Mrs. Warren Rinn were co-hostesses.

Mrs. Holder, a frequent traveler in Mexico and student of that country's history, highlighted her slides with information about the people and folk lore. She wore a hand embroidered costume from Mexico and Mrs. Humble, who introduced her, also wore a traditional dress of Mexico.

The program opened the Three Arts Club year and was an introduction to the year's theme "Mi Casa, Su Casa" - Mexico. Our Neighbors to the South. Other programs will be on the Indians of Mexico, a luncheon featuring Mexican food, crafts of Mexico, Christmas Customs, a play, and a Mexican fiesta.

Mrs. John B. Henderson Jr. presided at the business meeting. Year books were presented by Mrs. Charles Chandler.

Pie and coffee were served in the dining room with Mrs. John A. Smith and Mrs. O. B. Harden assisting at the table.

All hunting and fishing licenses in Texas expire on August 31 of each year.

A total of 775,000 fishing licenses may be issued this year in Texas.

Texas hunting license sales may hit 736,000 this year.

LEGAL NOTICE

INVITATION TO BID

Commissioners' Court of Milam County, Texas, will receive sealed bids at the Courthouse in Cameron, Milam County, Texas, until September 29th, 1967, at 10:00 a.m., at which time they will be publicly opened and read in the Commissioners' Courtroom for the purchase of the following equipment:

One New current Model tandem drive motor grader, powered by six cylinder direct start diesel Engine, with minimum 125 fly-wheel horse power. To be equipped with 12 foot Hydraulic shiftable moldboard and mounted on 1300 X 24 - 8ply tires front and rear.

Minimum total machine weight 24,500 pounds. Bid optional, deluxe enclosed cab with safety glass. Milam County will trade in on the above motor grader one used Warco Motor Grader Serial No. 4D6023, which can be seen by contacting L. C. McKinney Commissioner Precinct No. 2, in Cameron, Texas.

Notice is hereby given that it is the intention of the Commissioners' Court of Milam County to issue Road and Bridge Fund Time Warrants in payment of the above described machinery, to bear interest not to exceed three percent per annum, for not more than \$15,000.00 and the extreme maturity date to be three years. Bidders are to quote firm price and delivery date, F.O.B. Cameron, Texas. The Commissioners' Court reserves the right to reject any or all bids.

Miss Gwendolyn Jistel, daughter of Mr. and Mrs. Hubert Jistel of Cameron, and bride-elect of Mr. Tommy Gene Aaron of Temple, was honored with a miscellaneous Come and Go shower at the home of Mrs. Johnnie R. Marak on Thursday evening, September 14, from 7 to 9 p.m.

In the receiving line with Miss Jistel were Mrs. Hubert Jistel, the honoree's mother, and Mrs. Urbane Aaron, mother of the prospective groom. Other special guests included Mrs. Joe F. Hollas and Miss Elizabeth Jistel.

The refreshment table was laid with a beige lace cloth and was highlighted with silver and crystal appointments. White iced cake squares, fruit punch, and nuts were served to the guests.

The gift table was also covered with a beige lace cloth and was centered with an orange flower arrangement. Miss Jistel was assisted in opening the gifts by Misses Vanessa Jane Marak, Becky Beach, Master Ray Marak placed gift ribbons in pillows of net with Venice lace appliques and trim. Miss Terry Aaron registered guests.

Also decorating the party room was an orange driftwood centerpiece decorated with rice bags, wedding bells and small gift packages displayed on the branches. A bride doll and an arrangement of orange flowers carried out the bride's chosen colors of orange and white.

Hostesses were Mrs. Herman Bayer, Mrs. Alfred Barta, Mrs. Agnes Hollas, Mrs. Richard Jistel, Mrs. Frank Klement, Mrs. Louise Kostroun, Mrs. Jerry Kostroun Sr., and Mrs. Marak.

The couple plan to marry September 23 at Saint Monica's Catholic Church in Cameron.

Mr. and Mrs. Reginald C. Jones, Houston, announce the engagement of their daughter, Regina Ann, to James Edward Woodum, son of Mr. and Mrs. Robert J. Woodum of this city. The wedding is planned for October 7 in Glenbrook Methodist Church, Houston. The bride-elect graduated from Sam Houston State and is now with the Texas Society For The Prevention Of Blindness in Houston. She is a member of Alpha Chi Omega. The prospective groom is also a graduate of Sam Houston State and is employed by Gulf Oil Co. in Houston. He is a member of Delta Tau Delta Fraternity.

SGT. AND MRS. JOE KASINGER

SGT. KASINGER,
MISS McDONALD
MARRIED HERE

Miss Maribeth McDonald of Brazoria and Sgt. Joe Kasinger of Pullman, Michigan, were married Saturday evening in the home of the bride's grandmother, Mrs. Sam B. Houston of Cameron.

The double ring ceremony was read by the Rev. Frank Chapman in the room where her parents and grandparents had been married.

Mr. and Mrs. Ted McDonald of Brazoria are parents of the bride. Parents of the bridegroom are Mr. and Mrs. Ben Kasinger of Pullman, Michigan.

Given in marriage by her father, the bride wore a street length dress of white lace fashioned with a rolled collar and bell sleeves trimmed with lace. Her shoulder length veil was held by a circlet of lace. She carried a cascade of white pompons centered with a white orchid.

Honor attendants were Mr. and Mrs. F. E. Norton of Brazoria, sister and brother-in-law of the bride.

During the reception guests were registered by Miss Kay Norton of Brazoria. Others in the houseparty were: Misses Nan McClaren, Kitty Lewis, Marcia Schiller, all of Cameron; Miss Kay Norton of Brazoria; Miss Janice Simecek of Temple and Mrs. Jack Turner of Freeport.

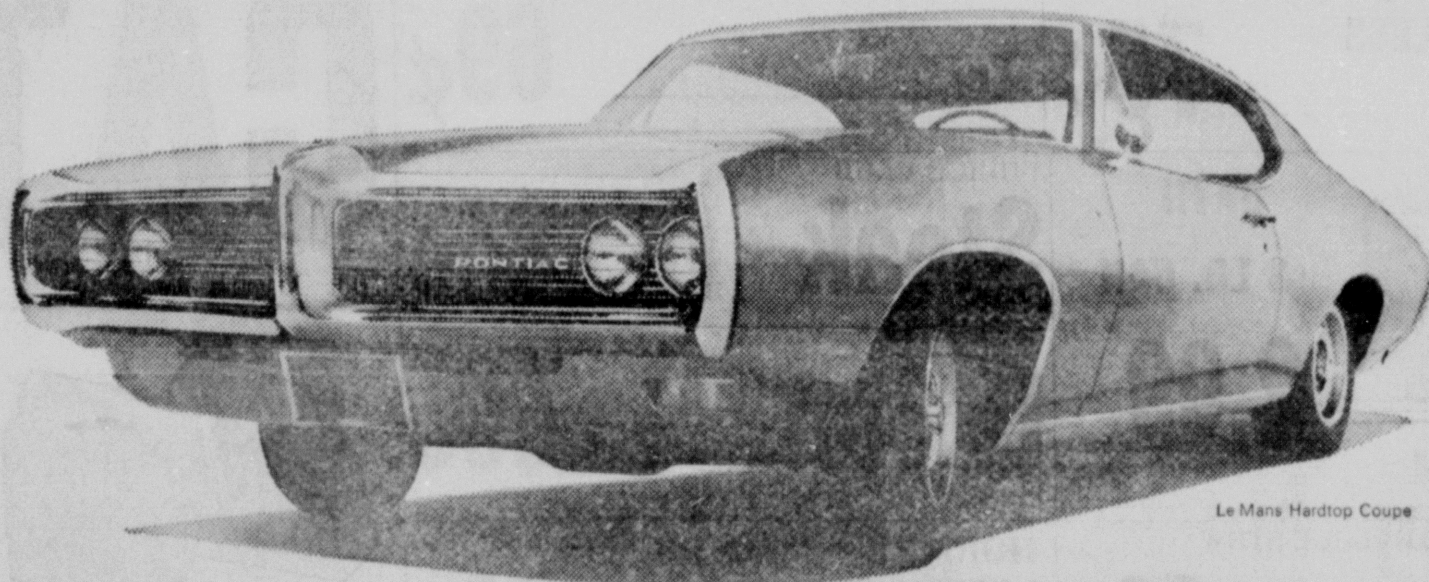

The couple will live at 1803 S. 57th St., Temple. Sgt. Kasinger is stationed at Ft. Hood.

Pontiac announces the great American sport for '68

Le Mans Hardtop Coupe

Wide-Tracking has never been farther removed from just plain ordinary driving. One look at our stylish '68 Pontiacs should tell you that. One ride will convince you!

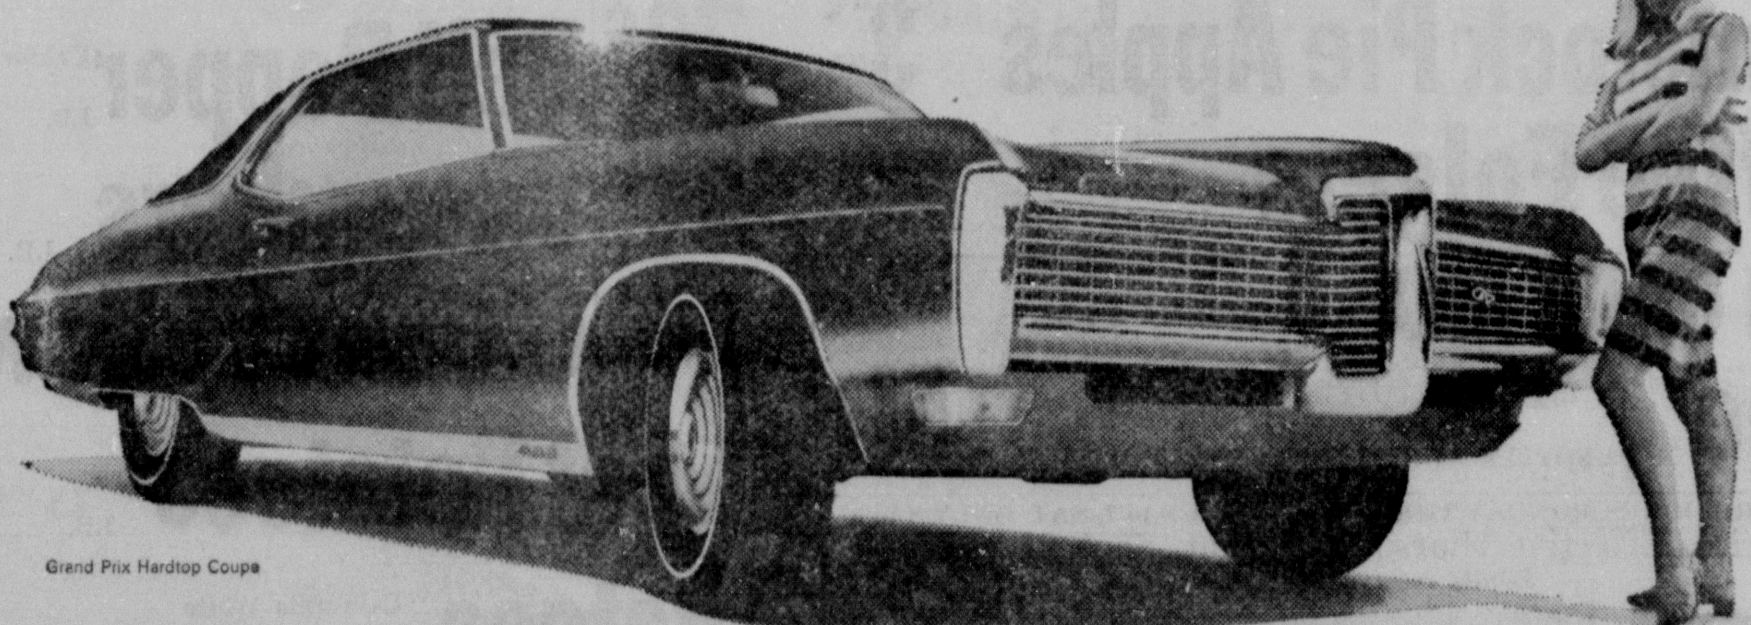

Our sporty new Tempests and Le Mans are new from the wheels up. There's a new 175-hp Overhead Cam Six. New sports car feel. Smoother ride. Superior stability and response. Disappearing windshield wipers on all GTOs and Le Mans. Even wider Wide-Track. And you can choose from two new regular- or premium-gas 350 cu. in. V-8s!

Our fabulous GTO boasts the neatest engineering innovation of the year—an exclusive revolutionary new bumper. It's the same lustrous color as the car. But it won't chip, fade

or corrode. And you won't believe what this bumper does until you see it with your own eyes!

Naturally, our new Bonneville, Grand Prix, Catalinas, Executives and Venturas won't take a back seat to anyone! Especially with their bold new integral bumper-grilles that are nearly twice as strong as before. There's also new Wide-Track ride. Improved handling. Smoother engines. And more new features for your protection, like a buzzer that warns you when you forget your ignition key.

Isn't it about time you decided to give up plain ordinary driving? Don't fritter away another hour. See your Pontiac dealer today and start Wide-Tracking!

Milam HD Council Elects Officers, Sets Food Show

The Milam County Home Demonstration Council met last week in the Rockdale State Bank Community room.

Mrs. Wavy Charles was elected chairman of the Council, Mrs. R. L. Humber, vice chairman, Mrs. J. B. Sapp, treasurer and Mrs. Clyde Holliman, secretary. Mrs. Holliman was also appointed to fill the unexpired term of Mrs. Gail Iote, former secretary - reporter who resigned because of illness.

The annual pecan and food show will be held in Cameron November 19. Each club will have a booth and the HD Council will agree to have the drinks.

Mrs. George Young, Mrs. Jimmie Wallis and Mrs. Julius Moultrie will attend the State Home Demonstration Convention in Fort Worth.

arrangement and the nationally accredited judges' comments on merits and demerits of each exhibit.

Mrs. Sapp noted that the judges' comments indicated that the show in its entirety was outstanding with a high percent of the artistic entries scoring 95 or above.

Mrs. Bowling, club president, presided for a short business session. Mrs. W. E. Falkner, year book chairman, presented books and gave a resume of its contents.

The club voted to sponsor a new club in District V, the Johnson City Garden Club and instructed the president to write a letter of recommendation to the membership chairman of Texas Garden Clubs, Inc. to help that club meet the requirements to become federated with the state organization. The local club considered the above a special privilege in that Mrs. Lyndon B. Johnson will be an honored member of the Johnson City Club.

Mrs. T. G. Raymond, a former member of the club, rejoined at this meeting.

On October 12 the club will have a workshop, "Flower Arranging From A to Z" with Mrs. Frank Schiller directing. Mrs. Graben will host the group at her home.

Mrs. Bowling and Mrs. Fanning served refreshments during the social hour.

UDC MEMBERS PRESENT BOOK

Mrs. Ed Gunn was hostess for the United Daughters of Confederacy meeting last week. Mrs. Franklyn Dusek, vice president, conducted the meeting.

Mrs. Dusek read a paper on how the UDC was organized in 1896.

During the business meeting the chapter voted to present a copy of the book "Out of Our Past" by Laura Simons to the Cameron Public Library.

Mrs. Gunn served sherbet and angel cake to the six members

CAMERON, TEXAS

Yoe Challenge Panthers At Rosebud Friday Night

By Fritz Pratt

Coming back from two hard losses, the Yoemen face single A Rosebud Friday night at 8 p.m.

The Yoemen have faced two strong triple A schools, Rockdale and Taylor and lost both games by large margins.

They will be out to avenge themselves this week.

Rosebud, also returning from losses to Rogers and Marlin, will be hoping for a win.

The Yoemen hope to face the Panthers with their first string complete. Al Heftt and James Dohnalik did not see action in Rockdale, but this week will possibly see them back.

Offensive starters for Rosebud are: Ray Puente QB, Alfred Knox SB, Larry Spivey TB, Larry Koslosky FB, John Hudson C, Buddy Malcik G, Dean Pomykal T, Louis Koslosky G, Rex Olson T, Bobbie Horton E, and Mike Jackson E.

Starting offense for the Yoemen are: Glenn Fogle QB, James Dohnalik FB, Wayne Kirk HB, Mike Miller HB, Al Heftt E, Jim Laferty E, Dwight Jekel C, Ronnie Richardson G, David Barrett G, Chapman T.

Defense starters for Rosebud: Alfred Knox, Spivey (captain), Larry Koslosky, James Duffie, Hudson, Pomykal (captain), Olson, Charles Warschak, Ray Welch,

Horton and Jackson.

Defense starters for the Yoemen are the same as the offensive starters except that Miller and Jekel are replaced by John Hosch and John Urban.

The Panthers fell to the double A Marlin Bulldogs by a 20-0 score. The highly rated Rogers Eagles downed the Panthers last week with a score of 16 to 7.

Prediction: this week the Fighting Yoemen will down the Panthers by at least a 2-touchdown margin.

The first postage stamps were issued in 1847.

Carrier pigeons fly from twenty to thirty miles an hour.

COUNTY AGENT'S NOTES

—By—

J. D. MOORE

Swine breeders of Texas are encouraged to make entries for the Fall Litter Testing Program. Two litters, farrowed between August 1 and October 1 and weighing 40 to 60 pounds, constitute one entry. These pigs will be placed on test at 60 pounds and slaughtered at approximately 210 pounds. Each swine breeder will be furnished information on rate of gain, feed efficiency, and carcass data to include data needed for breed certification.

The swine breeder receives the following advantages from litter testing at a central testing station:

1. Gives a direct comparison of his pigs with other pigs under uniform testing procedures.

2. Identifies top breeding herds and offers them good advertisement.

3. Demonstrates techniques that can be used by breeders for home selection of breeding stock.

4. Furnishes unbiased records of pig performance.

Progress in swine breeding can be measured by active participation in a selection program. Litter testing in the Fall Litter Testing Program can be an important part of that selection program.

Entries can be submitted until November 1 by entry blanks available at the county agents office or from Donald B. Hudman, Animal Husbandman, Room 217, Animal Industries Bldg., College Station, Texas 77840.

DAIRY COW BIG EATER

The dairy cow is no weight watcher so far as eating and drinking water are concerned. The average 1,100 pound Texas dairy cow requires about 35 tons of "fuel" annually for maintenance and production purposes.

FILE "FLIGHT PLAN"

When you leave home on a fishing or hunting trip always file a "flight plan". Leave your destination, address, telephone number and even your automobile tag number. You may be needed sometime in a hurry.

By Ronald L. Bailey

There will be a meeting in the County Agents office, Wednesday, Sept. 27, at 8 p.m. to discuss the feeding and management of barrows and gilts for the County Livestock show.

All 4-H'ers with gilts in the county Sears gilt program are to have their gilts bred sometime between October 7 and 14. All gilts are to be taken to Henry Richter's swine breeding farm, located west of Cameron.

4-H'ers in this program include: Marsha Albright, Gause 4-H Club; Leroy Stephens, Rockdale; Allen Hengst, Thorndale; David Ehler and Joseph Jistel, St. Anthony; Eddie Carl Howard, Andre Malone, Gause; Paul Black, Branchville; Macie Clifton and Lonnie Hempfhill, Maysfield.

Floyd Lynch, State 4-H Club Leader, will be here Monday, Sept. 25, at the Simon George Hall in Cameron. He will present a program at 7:30 p.m. on how projects, awards and record books go together in developing the 4-H program.

It is very important that you as a leader, parent or 4-H'er understand how these three phases of 4-H Club work fit together. Different awards are given for projects, but to qualify for the highest awards the 4-H'er must have completed a record book. This is just one example of how the three phases go together.

COUNTYWIDE 4-H CLUB

Each year nine out of ten Americans take to the road in search of outdoor fun and recreation. This is about 175 million people. By the year 2000, this activity is expected to triple.

Now, this brings up the big question. Where are they going and what will they do? The answer is not easy, but the machinery is in motion to study the problem and provide recreation for the city people and at the same time, improve the quality of rural life.

Outdoor recreation involves land and people.

Milam County is the hub to the wheel that embraces the major population centers of Texas and the Southwest.

It is also an area with abundant natural resources that are needed for outdoor recreation. These facts make it necessary for all local groups and interested individuals to strive to use our natural resources in the best possible way to provide the recreational needs of our people.

All Soil and Water Conservation Districts in the county have updated their programs and plans to recognize recreation as a land use and to also provide technical assistance from the S.C.S. to individuals and groups interested in using the land for outdoor recreation.

This action was followed by an inventory of all recreational facilities in the county. At this time, local USDA agencies are making an appraisal of Milam County to determine the potential for recreational developments in the county.

These actions are only a start, but they point out the fact that recreation as a land use will add to the economic well being of the county. They will, at the same time, help meet the increasing demand of the American people for wholesome outdoor recreation.

HD Agent's Notes

By Christine Laws

Representatives from Milam County join 1,000 other Texas homemakers Sept. 19-20 for the 41st annual convention of the Texas Home Demonstration Association in Fort Worth.

Attending the state meeting will be Mrs. Jimmy Wallis, New Salem HD Club, Mrs. George Young Sr., Tracy-Duncan Club, and Mrs. Julius Moultry, Rockdale Ideal HD Club.

Walter Richter, director of Southwest Region Office of Economic Opportunity, will keynote the conference on Tuesday, telling of "The Significance of the Other War." Mrs. Florence W. Low, assistant director for home economics, Texas A&M University, will introduce the executive officer.

Welcome notes will come from L. F. Peterson of Fort Worth, member of the Texas A&M University board of directors, and Mrs. J. E. Waggoner, THDA chairman, Tarrant County.

Other talks and topics include Mrs. Wilmer Smith of Wilson, president of the National Extension Homemakers' Council, speaking on "The Home a World of Concern", and Dr. Alice Wonders, chairman, Division of Philosophy and Religion, Texas Wesleyan College, telling of "Family Portraits from the Middle East."

Dr. Carl S. Winters, guest lecturer for General Motors, will close the conference, speaking on "Today's Youth and Tomorrow's World" at a Wednesday evening banquet.

TOWN and COUNTRY

CAMERON, TEXAS' HERALD, SEPT. 21, 1967 Page 1a

Post Office To Push Zip Code Use With Mass 'Zip Kit' Mailing

Cameron residents will have an opportunity to easily put Zip into their mail in late September, Postmaster Narvie L. Camperton reported.

During the last half of September, the Post Office will deliver to every householder a kit of eight postal cards which can be mailed back to the Post Office with addresses needing Zip Codes. Each completed card will be sent to the Post Office which services the "Zipless" address and the proper code will be added before the form is returned to the sender.

No postage will be needed on these cards.

Each of the eight postal cards in the kit will contain a message encouraging the general use of Zip Code. There will be a ninth card of instructions. All will be folded together like a closed accordion. There will be perforations between each form. In addition, another separate card will be delivered along with the kit which is a reminder of the local Zip Code.

Last year approximately 10,000 addresses were Zip Coded by the

enter the postal system. It is not expected that more than 10 million of the Zip-A-List cards will be in the system at any one time during the peak periods on mailing. Since they will be handled essentially as ordinary postal cards, there will be no burden on dislocation of service.

Cameron Post Office as part of a similar program using only one (or two) cards with spaces for as many as 13 addresses, Postmaster Caperton said.

Nationally, about eight addresses per card were returned during the 1966 project. The unit cost of entering the code onto each card will be less than the system used in 1966 because no look-up will be necessary. Every card in the final Post Office will need the same code, so an inexperienced clerk will be able to simply stamp it on the card and send the form on its return journey.

On an average day, between 175 and 250 million new pieces of mail

'68 Buick. Now we're talking your language.

The new 230-hp., V-8 engine runs on regular gas. It's standard on all Skylark Custom models.

We also refused to limit your choices. Skylark Custom comes in four models, 15 colors and 32 trim combinations. So talk to the man who talks your language, your Buick dealer.

All Buicks have a full line of General Motors safety features as standard equipment. For example, side marker lights and energy-absorbing steering column.

Wouldn't you really rather have a Buick?

We changed the Skylark from front to rear, we gave it a whole new look, simply because we believe you want a car like this. In other words, we're talking your language.

We thought you'd like to have a little easier time parking. So we shortened the wheelbase of the two-door Skylark down to 112 inches.

The '68 Buicks are at your Buick dealer's now. He's ready to talk your language.

Entered as second-class matter at the Post Office in Cameron, Texas, under the Act of Congress of March 1, 1879. Published every Thursday.

T Day In Cameron...

Saturday is "T" Day in Cameron. That is the day that hundreds of women are being invited to the Cameron Chamber of Commerce office for job interviews.

They must appear in person and discuss prospects of a job in a sewing, cutting, clerical or related job in a garment factory. Representatives of the company will interview the applicants.

Dozens of people have been contacting prospects in the Milam area, communities throughout a multi-county area including Calvert, Rockdale, Buckholts, Milano, Thorndale, Caldwell, Rogers and vicinity.

If prospective employees of this garment factory have not been contacted, they should inquire in person from 9 a.m. Saturday at Cameron Chamber offices.

Five hundred interviewees are sought. And a great deal more is at stake than a long line of names on sheets of paper.

Remind lady job prospects in your community that Saturday is "T" day in Cameron. Be sure, if you are qualified and interested, that you can say "I" registered and helped Milam's county seat and myself.

Election Tells More?...

The recent Vietnam election may have proved even more than South Vietnam voted a basically sound, democratic election.

About 75 percent of the eligible voters in Vietnam turned out in the recent election in which the military candidates won among 11 slates.

By Washington's reckoning, 75 percent of the eligible voters in that election means 75 percent of Vietnamese people are in South Viet-U.S. controlled areas.

Washington quotes numerous other indices of attrition to strengthen the claim that the war is turning rapidly our way.

Long comparison of statistics of Viet-Cong weapons lost, desertions and people controlled points to the judgment

that containment at the DMZ and bombing in the north are taking toll.

At the same time, observers are expecting President Johnson to turn to negotiations in the first half of 1968, based on the direction of these statistics.

The President can find some light in the figures released, if they are as valid as the election was.

Skeptics always find reason to doubt the statistics of battle, particularly this guerilla - type war where ascertaining numbers killed and wounded is most difficult and when Viet-Cong cross over into Cambodia or go back across the DMZ.

But the situation, so expensive and uncertain, is looking better after the election.

Dateline Austin...

By Vern Sanford

Indecision still prevails.

Nobody knows for sure whether Gov. John Connally plans to run for an unprecedented fourth term. But Capitol corridors echo with the sound of guesses and counter-guesses, predictions, arguments and wagers about it.

In any event, the decision may come earlier than the Governor indicated. Close advisers say a decision may be announced soon.

Some observers think an early decision would be a decision to step down. Announcement would be made early so that potential candidates waiting in the wings could know which way to jump. For instance, Speaker Ben Barnes, a Connally protege, is expected to run for governor if Connally retires. Otherwise, Barnes would run for lieutenant governor.

So far, Lt. Gov. Preston Smith is the only announced candidate for the Democratic nomination for governor.

A race between Smith, 55, and Barnes, 30, would pit the younger generation against the older. Both are conservatives.

Republicans appear to be grooming former Atty. Gen. Will Wilson for the race for governor.

There is some talk, too, that either Sen. Ralph Yarborough or Don Yarborough of Houston may get in the race. And there are those who think it possible that former Atty. Gen. Waggoner Carr may run.

Also mentioned as contenders for the office of lieutenant governor on the Democratic ticket, in addition to Barnes, are former Sen. Franklin Spears of San Antonio, Sen. Murray Watson of Waco and Sen. Ralph Hall of Rockwall.

VOTE DRIVE SET

Liberal Democratic coalition groups in Texas have launched a campaign headed by former Sen. Franklin Spears of San Antonio to register 5,000,000 state residents to vote in 1968.

Representatives of the AFL-CIO, Political Association of Spanish Speaking Organizations (PASO), Texas Liberal Democrats and Negro communities met here to kick off the drive. Spears' group will be known as the "Committee for Better Voter Participation".

DISTRICTS WARNED

State Board of Education warned 32 school districts for violations of accreditation standards.

Districts on the warned list are these Independent School Districts: Austin State School, Bastrop, Beckville, Crandall, Eagle Pass, Forney, Franklin, Holland, Latexo, Liberty Hill, Melvin, Mission Valley, Montgomery, Moody, Natalia, Southland, Sunset, Timpon, Tolar, Valley View, Waelder and Wortham. Also Consolidated School Districts Liberty Chapel, Mereta and Volaw; and Manchaca-Oak Hill Rural High School District.

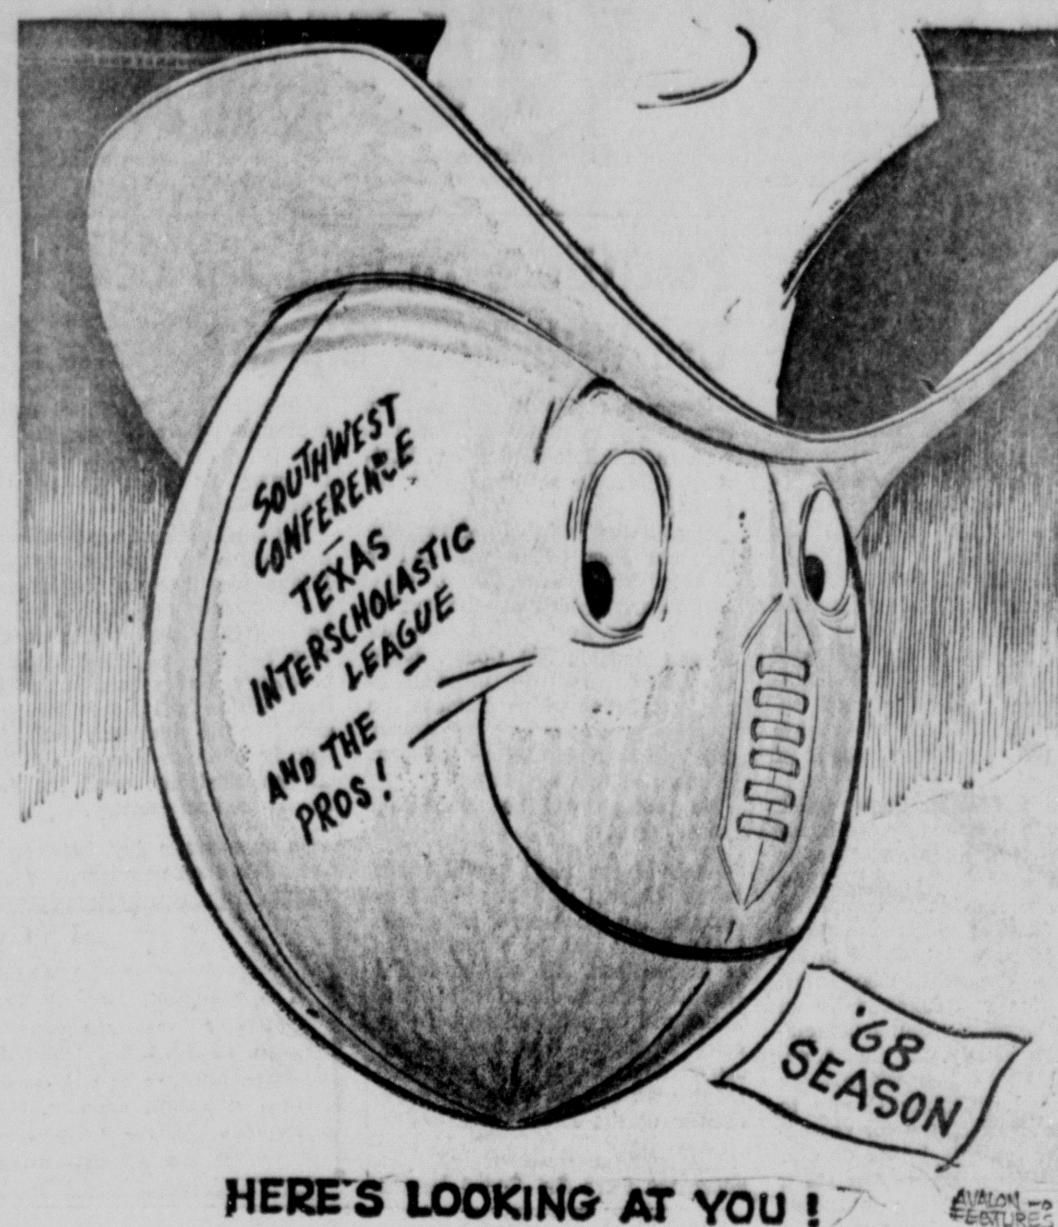

STATE DEPOSITS

State Bank deposits earned \$10,000,000 in interest the past fiscal year. This is up 20 percent over the previous year.

Treasurer Jesse James estimates that the current year's earnings will total \$11,000,000. He said an increase in interest rates and swelling balances in state funds brought the record yield.

About \$252,000,000 in state funds is placed on interest in some 1,000 banks over the state.

COURTS SPEAK

county courts-at-law and sheriffs from around the state will meet in Austin Sept. 23-30 for the 17th Annual Attorney General's Law Enforcement Conference.

Speakers will include Pat Speir, assistant director of the Dept. of Public Safety; Nila White, chief of the Atty. General's crime prevention division; Harris County District Atty. Carol S. Vance; Travis County Atty. Bob Smith; First Assistant Dallas County Criminal District Atty. William F. Alexander; J. C. Davis of the Atty. General's staff; Lewis Berry, executive secretary of the Sheriff's Association of Texas; Gaines County Judge Charles E. Lawrence; and Atty. Gen. Crawford Martin.

APPOINTMENTS

Gov. Connally has appointed Brownsville attorney Hector Yznaga and re-appointed J. F. Hulse of El Paso and Maurice Brooks of Abilene to the Texas Civil Judicial Council. He also named Alamo fruit and vegetable shipper John H. Ginsbach to the Tuberculosis Advisory Committee.

House Speaker Barnes has selected the following to serve on the Texas Commission on Law Enforcement: Carol Vance, Harris County District Attorney; Jack Young of Muleshoe, Texas District and County Atty. Association President; Nola White of Beaumont, Assistant Atty. Gen.; Col. Wilson E. Speir of the Dept. of Public Safety; and State Bar Association President-elect Ralph Brite of San Antonio.

Mrs. Mary K. Wall, veteran assistant attorney general, has joined the staff of Secretary of State John Hill as an election law specialist. New amendments to the election code made the Secretary of State chief Texas election officer.

Atty. Gen. Martin named Mrs. Mary Ellen Harvick as his new press aide. Mrs. Harvick has worked for the Galveston News-Tribune, the Austin American-Statesman and the San Angelo Standard-Times.

Dr. Gary E. Miller, head of the Harlingen State Adult Mental Health Clinic, is the new director of hospital development for the Department of Mental Health and Mental Retardation.

HOW TEENAGERS THINK

A questionnaire answered by 1,200 high school youth leaders during the Fifth Annual Texas Youth Conference here revealed that:

-63 percent are not afraid to be on the streets of their cities alone at night;

-90 percent are not afraid to speak to strangers because of a fear of crime;

-35 percent of their families keep firearms at home for protection;

-55 percent feel there are two systems of justice in America --

one for the privileged and one for the under-privileged;

-70 percent feel the telephone companies should develop a single police number for the United States;

-76 percent feel that police call boxes should be unlocked, brightly marked and designated "public emergency call boxes";

-73 percent said they would report a parked car they saw side-swiped;

-73 percent favor work release programs in Correctional institutions;

-43 percent feel police officers should have a college education;

-86 percent feel drug pushers should be more severely punished;

-26 percent feel fearful when confronted with police.

-68 percent think \$5,300 is not an adequate salary for a police officer;

-91 percent favor a pension for widows and children of policemen killed in the line of duty;

-71 percent feel most Americans respect law enforcement officers;

-84 percent would physically aid someone being criminally attacked;

-64 percent feel teen juries increase respect for the law enforcement among young people.

-73 percent would take an extensive vocational and technical course if offered in their high school.

W. Marek Named To Draft Board

AUSTIN

Walter G. Marek of Burlington has been appointed a member of local draft board No. 92 at Cameron.

Marek was appointed by President Johnson and was advised of his appointment by Colonel Morris S. Schwartz, state director of Selective Service.

"I am sure your membership on this board will reflect great credit to yourself and the Selective Service System of Texas," Colonel Schwartz wrote Marek.

Local board No. 92 has jurisdiction over Milam County.

FLASHLIGHT IMPORTANT

How about including a small flashlight in your tackle box? It may take up the space of a couple of plugs but in an emergency it may pay off better than the two plugs it replaces.

Income from hunting and fishing licenses represents more than half the revenue needed to finance the Texas Parks and Wildlife Department and its experiment projects.

OLD PHILOSOPHER

Dear editor:

According to the latest news out of Washington, well maybe it's not news to you but it was to me because it took me several days to find this newspaper under my front steps as I use mostly the back door and went out the front this time because there was a magazine salesman at the back, the United States is going to build a barbed wire fence across Viet Nam to keep the Viet Cong from infiltrating into South Viet Nam.

I don't know anything about military tactics like a good many Senators do and as far as I know this idea will work, except that nowhere in the news could I find out what sort of barbed wire fence it's going to be, five strands, seven, ten, or more, although this of course could be a military secret.

Let the Viet Cong find out how high it is when they try to vault it some dark night in their thin pajamas.

pajamas.

However, I do know that before a new fighter plane for example is ordered up on a billion-dollar contract, test pilots give it a thorough going-over in the air.

What I want to know is, what provisions is the United States government making to test this fence out? And in case this vital step has been overlooked, I would like to offer my services.

It's not, you understand that I want to test the fence out myself. But I've got a cow that I sure can recommend. She is the world's champion fence-breaker, and this is not just my personal opinion, all my neighbors for miles around will vote the same.

If that fence will hold this cow, South Viet Nam will be safe from infiltration. No only can I not build a fence to hold her, but none of my neighbors can, and goodness knows they've tried harder than I

have. Therefore I wish you would get hold of Secretary of Defense McNamara and tell him that for a reasonable fee, say cost plus 10 percent, I will rent him this test pilot of a cow.

Let him build a section of his fence around the greenest spot on the White House lawn with maybe one of Lady Bird's flower beds included and I will turn my cow loose and if she can't get through in fifteen minutes, the South Vietnamese are safe.

There's one other thought, though. If the fence turns my cow and by implication she endorses the construction, we'd better get the United Nations to immediately outlaw wire-cutters as an instrument of international warfare.

Yours faithfully,

J. A.

Read Davis has returned to Sam Houston State, Huntsville, where he will take up his second year of college.

After the United States purchased the Danish West Indies in 1917, the name was changed to Virgin Islands.

Firearms ranked last in the eight major causes of accidental deaths in the USA last year.

THE CHURCH FOR ALL . . .

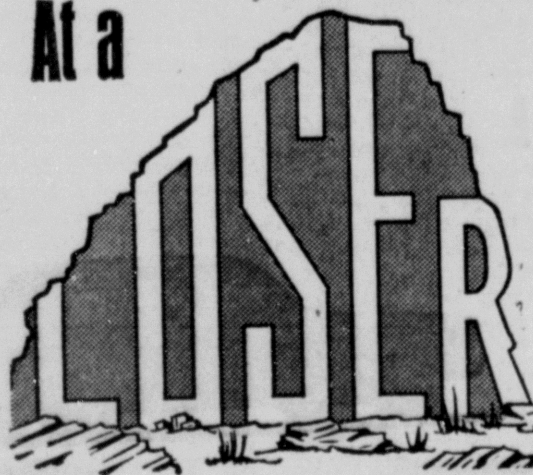

ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Here is an example of a one-sided battle! It's that same old battle between the irresistible force and the immovable object.

Study the rounding edges of this massive granite formation. The wind is winning—persuasively and very definitely.

Note the deep clefts where chips have fallen from the old block. Rain, snow, ice are the victors here.

And see the pines growing topside on this barren bulk. Each year their roots press deeper into the hidden faults.

What does this prove? Well, for one thing it shows that the lifeless rock is no match for the moving, living, growing forces in God's creation. So never overestimate the strength of that stubborn secularism that sometimes appears to dominate our world.

In worship and religious pursuit, millions are linking their souls with the vital spiritual forces which shall prevail!

For 1968, Oldsmobile introduces a sporty new Cutlass "S" Coupe to augment its gains in the youth market. Built on a special wheelbase, the "S" Coupe is available in a hardtop (above), pillar coupe, or convertible body style.

'68 Olds Show Safety Feature

BLOOMFIELD HILLS, Mich. A number of important safety-related product improvements have been incorporated as standard equipment on the 1968 Oldsmobiles. Among these new features are seat belts with push button buckles at all passenger positions and a convoluted fuel tank filler neck which will bend and collapse to prevent fuel leaks due to rupture of the neck in case of rear end collision.

Other safety improvements in the 1968 Olds include a large increase in windshield wiper coverage area and more fluid released per pulse by the windshield washer system. For the reduction of glare, wipers on most Oldsmobile models are depressed below the driver's line of vision.

Side marker lights, recessed door release handles, low profile instrument panel knobs, wider vision outside rear view mirrors, a Z-shaped shift lever built to bend upon impact, and padded front-seat backs are additional safety-related improvements in Olds' 1968 product lineup.

Along with these safety features, all Oldsmobiles for 1968 will be equipped with a "lock-your-car" warning buzzer as an anti-theft device.

A new power train concept for all models will give the owner additional benefits in mid-range performance, fuel economy, quietness of operation and durability. It was announced here today by Oldsmobile General Manager Harold N. Metzel, at his division's National Press Preview.

In addition, he revealed a performance option and substantial styling improvements in the front-wheel drive Toronado, the development of a brilliant new front-end look for the 88's and 98's, and a completely changed appearance for the F-85, Cutlass, Cutlass Supreme 4-4-2 and Vista Cruiser.

"Of particular interest," Metzel said, "are the two-door models in the Cutlass Series identified as 'S' Coupes. We expect this line of

coupes, pillar, hardtop and convertible, to augment Oldsmobile's recent gains in the youth market.

"The Cutlass 'S' Coupe," he continued, "is youthfully styled, agile in performance and may be customized with the use of any one of 12 engine-transmission combinations. Deluxe interior trim and special exterior ornamentation are standard, while dual exhausts, a wood grained steering wheel and rally-type handling components are among the new car's options. Bucket seats, standard on the convertible, are optional on the closed coupes."

Service Officers

Elect Marvin Petty State President

Marvin Petty, Veterans County Service Officer for Milam County, was elected president of the Veterans County Service Officers Association of Texas at their annual conference meeting last week in Austin.

Petty served as vice president during the past year.

The conference, conducted by the Veterans Affairs Commission of Texas, is held annually to offer Service Officers first-hand information about recently enacted legislation dealing with benefits to veterans and their dependents and survivors.

Topics this year included disability compensation and pension, Government insurance, GI loans, education and training for veterans and children, hospitalization and medical treatment, and veterans' employment and re-employment rights.

USE FOR SOYBEAN OIL

The prospects are excellent for using soybean oil as a raw material in producing nylon 9, nylon with properties desired in the manufacture of many products, was reported on Sept. 12 by U. S. Department of Agriculture scientists.

DRAFT INFO.

Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 702 Colorado St., Austin, Texas 78701. He will welcome your questions.

Q - Can I still enlist in the National Guard or other Reserves and escape the draft?

A - Yes, if you can find a vacancy and enlist before receiving an order for induction. But you don't escape service.

Q - How's that?

A - You'd have to take four months or more of active-duty training, remain in the Reserves for six years, making weekly drills and summer camps, and take the chance of being called to active duty.

Q - How about the Navy?

A - Some Reserve programs, including the Navy, require two years of active duty.

Q - May I enlist in the Guard or Reserves after I get my induction orders?

A - No.

Q - I'm a college student and I have a chance to join the National Guard. What will that do to my student deferment?

A - You'll be deferred for your Guard service in Class I-D instead of Class II-S as a student.

Q - I'm getting in ROTC. How will I be classified?

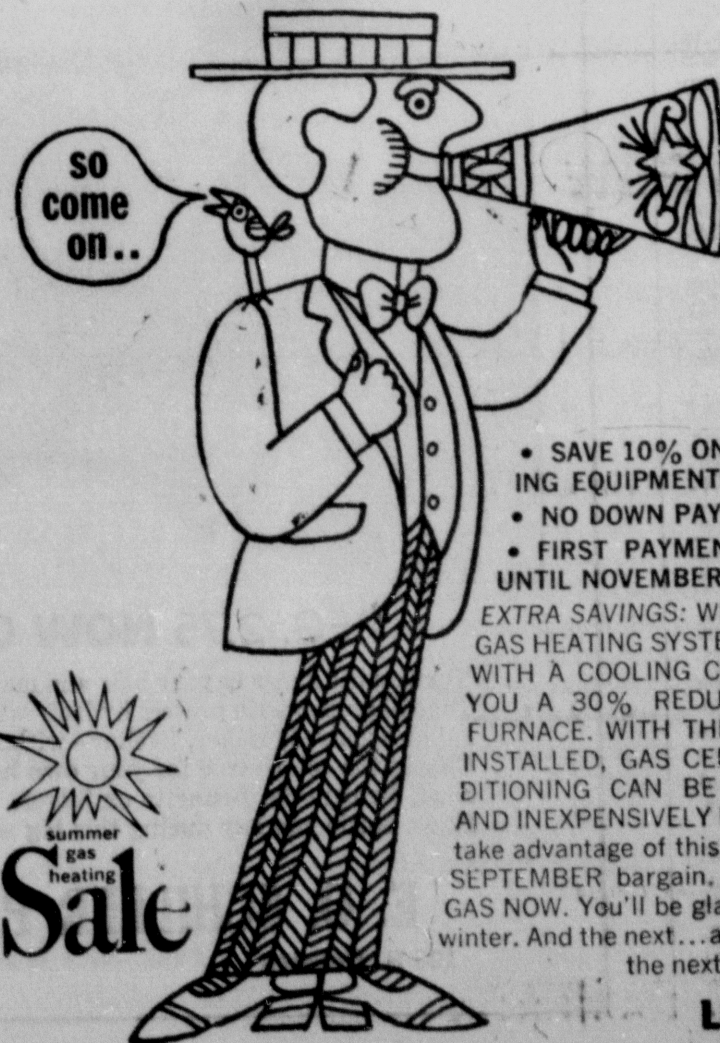

A - In Class I-D as a student taking military training.

Your Serviceman

GREAT LAKES, Ill. Seaman Recruit Cooper A. Wiese, USN, 22 son of Mr. and Mrs. Cooper Wiese of 302 Maple St., Calvert, has completed his two weeks of annual active duty for training at the Naval Training Center, Great Lakes, Ill., and has returned to his local Naval Reserve unit.

Naval Reservists receive intensive training in subjects such as naval history and organization, customs and courtesies, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival, shipboard drills and sentry duty. A vigorous physical fitness program rounds out the training.

THE FAMILY LAWYER

"Going, Going, Gone!"

Customs that endure for 2,500 years are rare enough to command respect. The auction is that old a custom. Known in the days of ancient Babylon, it is still working its magic spell on buyers of everything from silver snuff boxes to great works of art.

The essence of an auction (from the Roman word for "increase") is open competitive bidding. And it is to preserve this essence that the law has established certain basic rules of the game.

One key rule is that bids must be legitimate, not just "puffing" to artificially jack up the price. Thus, a buyer at an auction was allowed to back out of his purchase when he discovered that a rival bidder had been hired secretly by the seller to make fake bids.

"The offer of property at public auction," said the court, "is itself a proclamation by the seller that the highest bidder, in a fair and open competition, is to obtain the property. Any secret understanding, calculated to thwart this end, is a fraud upon the innocent."

But if the law frowns on tactics that artificially push the price up, it also frowns on tactics that artificially hold the price down. For example:

A man at an auction pretended to be bidding on behalf of a local charity. Reluctant to compete with such a good cause, other bidders kept silent—and the man got away with a bargain.

But his bargain was cancelled in a courtroom when the truth came out. Again, the evil lay in tampering with the basic competitive process.

Like any other contract, the sale at an auction is not complete until there is both an offer and an acceptance. The offer is the bid itself, which may be conveyed by anything from a wink of the eye to a snap of the fingers—just so the auctioneer gets the message.

The acceptance is usually con-

Your Serviceman

SAN DIEGO

Seaman Recruit Harry L. Guillote, USN, son of Mr. and Mrs. Leroy J. Guillote Sr. of Route 3, Rockdale, has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

vayed by the banging of the hammer on the block. Until that moment, a bidder is ordinarily free to withdraw his offer.

But once the hammer falls, the deal is closed. The bidder, whether to his delight or to his chagrin, has made a binding contract of purchase. That fur-lined bathtub is now his.

And so is the bill. A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

© 1967 American Bar Association

Chevrolet's new look for 1968 begins up front with a smart new grille and hood that conceals the windshield wipers. Recessed taillights in the rear bumper and new body side lines are smart styling features as shown above on the Caprice Coupe.

41 Models In Chevrolet Line

DETROIT

A new peak in individuality among Chevrolet's six car lines is reached for 1968. E. M. Estes, general manager, said today.

"Each member of our automotive 'family' has a distinct pace-setting personality with features that fully span its market," Estes said. "This matches the growing customer desire for one-of-a-kind cars built in mass production."

A total of 41 new Chevrolet, Chevelle, Camaro, Chevy II, Corvair and Corvette models go on sale on Thursday, September 21. Highlights include:

—All new advanced design bodies for Chevelle, Chevy II and Corvair, with introduction of two wheelbases within the Chevelle line.

—A longer, more luxurious regular Chevrolet, new sportiness for Camaro and continued stress on the special features offered only by Corvair.

—Important safety improvements exhaust emission controls, and anti-theft provisions are standard equipment on all models.

—Improvements in ride, handling and performance including a larger base V-8 engine for the regular Chevrolet, Chevelle and Chevy II.

—Introduction on several lines of full door windows without vent-panes, hidden windshield wipers and dual level "Astro" ventilation.

Heading a list of more than 400 options and accessories is a power vacuum door lock system, a lamp monitoring system to tell the driver if his front and rear lights are working front disc brakes and added availability of stereo tape players.

Safety improvements range from energy-absorbing front seat backs and safety armrests positioned to shield door handles to seat belts for all passenger positions and exterior side marker lights.

Here are principal features of each Chevrolet line:

Regular Chevrolet — Increased length and new front, side and rear styling reinforce the "big car" image of the industry's top selling car, offered in 18 models in four series on a 119-inch wheelbase.

Corvette — An all new aerodynamic body incorporating the design of the experimental Mako Shark II is offered by America's only mass produced sports car in

its 16th year on the market.

More than 7 inches longer and two inches lower while retaining the 96-inch wheelbase, Corvette comes in both a convertible and unique "semi-convertible" sport coupe which has removable roof panel sections and rear window.

Chevelle — The industry's intermediate sales leader gets its first

all-new body since introduction in 1964, plus two distinct package sizes.

Sedans and station wagons are longer with wheelbases increased one inch to 116 inches. Coupe and convertible models are slightly shorter and have a 112-inch wheelbase that gives additional emphasis to Chevelle's new long hood, short deck design.

Chevy II — Chevrolet's popular small family car gets its first all-new body since introduction in 1962. It is longer, wider and lower and comes in two- and four-door Nova models. Wheelbase is one inch longer at 111 inches.

Corvair — In its ninth year on

Highway Department Marks Fifty Years Of Progress

AUSTIN

Fifty years of progress have transformed the Texas highway system from an ambitious dream to a 60-thousand-mile reality.

The Texas Highway Department marks a half-century of implementing the dream during National Highway Week, Sept. 24-30.

Shortly after the Department was created in 1917, an 8,800-mile network of "improved roadways" was sketched out. The system remained merely lines on the map for many years.

Now, however, the Department is responsible for the maintenance, construction and operation of a coordinated blend of highway facilities, second to none.

From the standpoint of mileage, the original dream has been realized more than eight times over. But quality, convenience, efficiency and safety of the system are a thousand times greater than that envisioned by the early planners.

When the Highway Department set up shop in borrowed space in the State Capitol in the summer of 1917, most roads in Texas were

little more than improved trails. Scant improvement had been made from the era of the prairie schooner to the age of the horse and buggy. Roads in 1900 weren't much different from the roads in 1800.

But the automobile changed all that.

Even so, Texas was slow to establish a state highway system.

Several unsuccessful attempts were made to create a State highway agency, starting in 1903. A decade before the Texas Highway Department was formed, almost half of the other States had set up highway agencies.

However, the unsuccessful attempts paved the way for more positive action in later years.

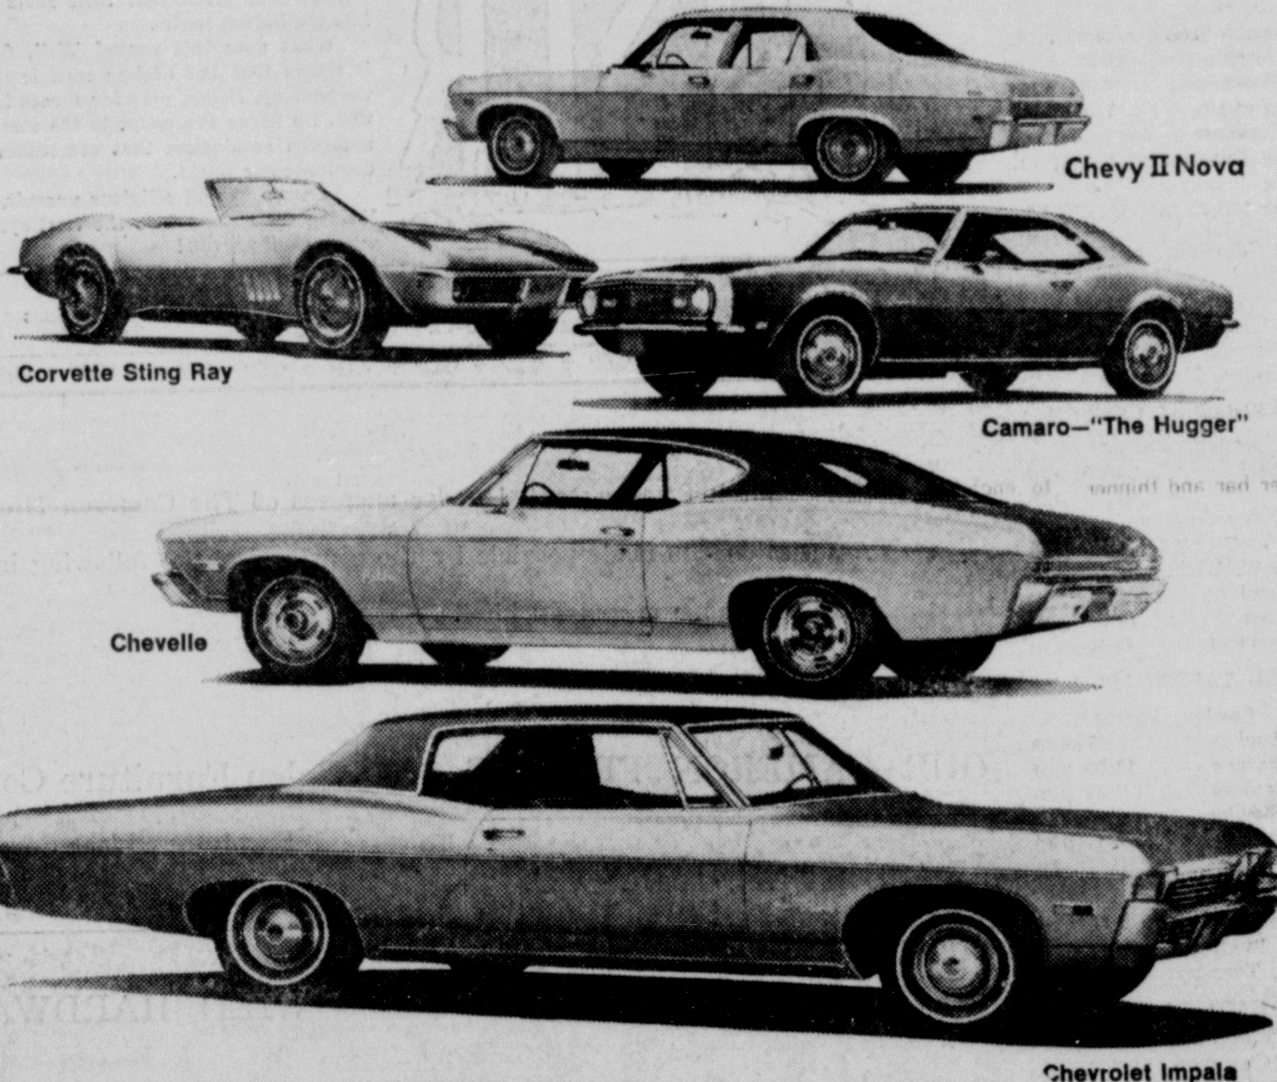

The Federal Aid Road Act of 1916 gave the State highway department proposal new impetus. The act stipulated that federal aid for highway building must be administered through an organized state highway department.

The Thirty-Fifth Legislature passed the act creating the Texas Highway Department and it was signed into law on April 4, 1917. It also provided for the first statewide registration of motor vehicles.

The first big task was registration. At the close of 1917, a total of 194 thousand motor vehicles were registered in Texas. By comparison, the 1965 registration year ended last March 31 with almost 6.5 million motor vehicles registered in the State.

Dramatic! Distinctive! Daringly new!

'68s Top Secrets are here

1968 Chevrolets

The 1968 Chevrolets are the very essence of modern design. Every line, every curve is in close harmony. It's a smooth, uncluttered look with roof lines compatible with body lines, grilles and bumpers that blend gracefully into long, rounded fenders. Clean, flowing, beautiful in their simplicity, these '68 Chevrolets are rich and advanced in styling beyond any you've ever seen.

A MORE SILENT RIDE

And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Exhaust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. A sound car is a silent car. The '68 Chevrolets are the most silent, highest quality cars we've ever built.

BETTER PERFORMANCE

There are new engines, a bigger standard Six and V8. There's a new

250-hp V8 you can order that runs on regular fuel. Many new engine components increase dependability and keep your new Chevrolet running stronger. There's a new rear axle ratio you can add for greater economy. On most engines equipped with automatic transmissions, there's a special heater for the carburetor which gives you more efficient performance in cold weather. And with every engine, you get the new GM exhaust emission control.

UNIQUE ASTRO VENTILATION

There's a whole new idea in ventilation, called Astro Ventilation, for Camaro, Corvette and the elegant Caprice Coupe. It's also available on many other models. By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

PROVED SAFETY FEATURES

You get the proved GM-developed energy absorbing steering column, folding front seat back latches, dual

master cylinder brake system with warning light, plus many more new features. Among them: energy absorbing front seat backs, and safety armrests that shield the door handles.

MUCH MORE THAT'S NEW

There are new roof lines, some formal and graceful, others sporty and quick. There are new instrument panels, richly designed and all controls within easy reach. There are new interiors, new vinyls, new fabrics, new colors. There are models with Hide-A-Way windshield wipers and headlights that disappear behind grilles. There are new side marker lamps, new recessed taillights. There's even a new ignition alarm buzzer that reminds you not to walk away and leave your keys in the car.

These are the newest, the most different, the most dramatically changed Chevrolets ever. And they're at your Chevrolet dealer's now. You'll thoroughly enjoy slipping behind the wheel, experiencing the smooth new handling and library-quiet ride and, more than anything, seeing and feeling the even greater quality built into every new Chevrolet for 1968.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

There's more quality and value built into Chevrolets than ever before, making every new 1968 model an even better buy!

Exterior changes in the 1968 Cadillac, as shown on this Coupe de Ville (top), include a new grille and larger parking lights redesigned cornering lights and new marker lights on the side plus a new deck lid and full chrome rear

bumper. Dramatic styling changes to Cadillac's 1968 Fleetwood Eldorado (bottom) include new parking lamps located in the leading edge of the front fenders, a new hood 4 1/2 inches longer and redesigned taillights.

Cadillac Has All-New Engine

Major engineering advancements combined with distinctive Cadillac styling result in new standards of performance, durability, safety and comfort in the 1968 Cadillac.

Calvin J. Werner, general manager of Cadillac Motor Car Division and vice president of General Motors, in announcing the 1968 models, said they would go on sale in dealer showrooms on September 21.

"Heart of the performance - durability story for the 1968 models is Cadillac's completely new engine. We have capitalized on our 33 years of V-8 engine design and manufacturing experience to produce an engine to satisfy the needs of our Cadillac owners," Werner pointed out. "The new engine has a displacement of 472 cubic inches and torque of 525 foot pounds - both the highest of any standard production passenger car engine in the world."

Rated at 375 horsepower, the new 1968 engine is standard in all 11 models.

STYLING-STANDARDS

Cadillac's 1968 styling adds new distinctiveness to 11 models. The front end features a new grille with a new header bar and thinner and narrower grille fins. These provide a more finely-tailored appearance although retaining the traditional cross-hatch design. Larger parking lamps are fitted into the ends of the grille and operate whenever headlights are on. Complementing the front end is a new hood - 6 1/2 inches longer - which sweeps in an unbroken line to the windshield and conceals the new windshield wiper system.

STYLING-ELDORADO

Dramatic front end styling changes to Cadillac's 1968 Fleetwood Eldorado include new parking lamps located in the leading edges of the front fenders. The hood is 4 1/2 inches longer to provide cover for the new windshield system.

New and larger taillights provide greater light output from side and rear.

SAFETY FEATURES

For 1968 Cadillac offers even greater emphasis on product improvements related to safety. In the interior, door handles are recessed into the side of the arm rests to prevent inadvertent opening of doors and to provide clean and uncluttered arm rests. All models will have stronger door hinges.

Sun visors, already padded, now have edge-crush provisions, instrument panels have additional padding and interior bright finishes have controlled reflectivity. The center automatic climate control outlet is now deeply recessed.

The inside rear view mirror will bend away from either a forward or side impact and all front seat backs will have additional padding.

Ventilator window crank handles are flatter with rounder edges and will bend away upon side impact. Door locking buttons are made of flexible material.

In the Eldorado the rear remote door handle for rear seat passengers will be on the right side only to encourage exiting on the safe side.

On the outside a new windshield wiper and washer system cleans a larger portion of the windshield, particularly at the base of the windshield pillars.

New side marker lights have been added for 1968. The front marker lights are located in the new cornering light and show amber when the lights are on. The rear side markers on all models other than the Eldorado are located in the outer ends of the rear bumpers. On the Eldorado, the rear marker lights are located within the wreath and crest emblem just ahead of the rear bumper.

Saint David is the patron saint of Wales.

By Mrs. H. H. Linke

Thomas Blocker and his mother and grandmother, Mrs. Joe Tomerlin and Mrs. Emily Linke were in Houston Sunday where they visited Mr. and Mrs. Nelson Linke and Tina. Thomas attended the Mets-Astros game Sunday afternoon, then he and his mother returned home. Mrs. Linke remained in Houston for a longer visit with her son and family.

James Terry was admitted to Scott and White Hospital Saturday where he was put in traction because of severe leg pains.

Guests of Mr. and Mrs. Buddy Limmer Sunday to help him celebrate his birthday were Mr. and Mrs. John Roepke of Taylor, Mr. and Mrs. Fred Kielling of Hearne, Mr. and Mrs. C. D. Fulkles of Round Rock, Mr. and Mrs. Sonny Davis and Randy of Austin, Mr. and Mrs. Charlie Mekolik of Rockdale, and Kathryn and Johnny Ray Limmer of Pasadena. The Johnny Ray Limmers are on vacation and will spend the week here with his parents.

Stephen Simank of Austin spent Tuesday and Wednesday with his grandparents, Mr. and Mrs. Ike Camp.

Mrs. Annie Wells of Lockhart spent the past week with her daughter, Mrs. Lucille McQueen.

Dr. and Mrs. Bill Pool of San Marcos are Sunday guests of her parents, Mr. and Mrs. Joe Yeager. Mrs. Scott Bond spent the past weekend with her sister, Mrs. Jess Wilson.

Mr. and Mrs. Jack Stiles and

family moved back to Austin from Oklahoma last week. Mrs. Stiles and the children were overnight guests of her mother, Mrs. Andrew Garner, Thursday.

Mrs. Howard Fulcher returned to her home Saturday from Houston. Mr. and Mrs. Grandville Bolton brought her home and remained over the weekend with her.

Weekend guests of Mrs. Bill Clark were Mr. and Mrs. Gus Clark and John of Houston and Mrs. Gladys Stigall and Bob of Austin.

The ladies of the W. M. U. of the San Gabriel Baptist Church met each afternoon last week from 2 to 3 o'clock to study and pray about our mission opportunities along the Rio Grande River. This was Southern Baptists of Texas week of prayer for State Missions.

Marak 4-H Elects Officers; Plans Year

Marak 4-H Club met last week and elected new officers. Richard Vaculin was elected president; Kathleen Kostroun, vice president; Jennifer Kostroun, secretary treasurer; Paul Vaculin, reporter; Patsy Tepera, council delegate, Jimmy and Tommy Vaculin, recreation leaders; Mrs. Cyril Vaculin and Mrs. Emil Vaculin, adult leaders.

Monthly programs this year will include: Good Grooming, Thanksgiving Program, Christmas Party, First Aid, Wildlife, Photography, Home Safety and Driving Safety.

By Mrs. Gerald Foshea

Walter Hasselmann, a former resident of Burlington, passed away suddenly in Houston, Tuesday, Sept. 12 and was buried Thursday, Sept. 14 in Houston. His wife was the former Minnie Lee Werland, formerly of Burlington also.

Mrs. Hattie Benesh spent a few days last week with Mrs. J. B. Roberts of Chilton and Ernest Stuessel of Mooreville.

Mr. and Mrs. Charles Garner and family of Austin visited her parents, Mr. and Mrs. C. J. Litzman, this weekend.

Mr. and Mrs. Elo Buegler attended the Schindler and Willberg reunion at La Grange Sunday, Sept. 17. Her sister and husband from Temple went with them.

Mr. and Mrs. Ray Schonhoft visited Mr. and Mrs. Lee Ray Chollett and boys Sunday evening at Asa.

Mr. and Mrs. Joe Ralston and

J. B. Cavitt Dies;

Former Resident

J. B. (Bruce) Cavitt, 94, died in Fort Worth September 13. Funeral services were held at 1:30 p.m. Friday in Cleburne.

Mr. Cavitt operated a farm and gin in the Yarrrellton community for several years, later moving to Cameron where he managed a gin. He was also in the horse and mule business in Milam County. Following his retirement in the late 1920s he moved to his original home at Joshua, Texas, in Johnson County. He had been living at a convalescent home in Fort Worth for several years.

He is survived by a son, Richard Cavitt of Austin.

PERSONALIZING RODS

It is easy to write your name or initials on a glass fishing rod. Just use talc powder, white chalk, or similar to buff the rod near the butt, write your name with India ink and cover over with clear nail polish.

Cadillac presents elegance in action!

Shown above is the Fleetwood Eldorado, the world's finest personal car; below, the popular Hardtop Sedan de Ville. Cadillac Motor Car Division

And the "inside story" for 1968 starts with the biggest, smoothest V-8 engine ever put into a production motor car.

Brilliant new styling • Dramatic new interiors • Totally new instrument panel • Concealed windshield wipers • Improved variable ratio power steering • New disc brakes available • Wide choice of eleven exciting new body styles.

Now, enter a new era of luxury car performance. Cadillac's new 472 V-8 has the greatest torque, or usable power, of any passenger car engine and the newest combination of engine components since Cadillac pioneered the V-8 fifty-three years

ago. You will notice a brilliant improvement in passing performance that in no way compromises the reserve of strength for Cadillac's usual power conveniences.

You will also be impressed with its amazing quiet—so remarkable that only its responsiveness reminds you that a great new engine lies under the hood.

Cadillac for 1968 provides, in addition, its well-proved, triple braking system with finned drums to deliver smooth, straight stopping power. Front disc brakes are

available for those who prefer the further refinement of an advanced disc-and-drum combination, and this year they're standard on Eldorado. You may also choose a greatly improved air conditioning system that moves more air more quietly.

Whether your preference is for one of the more traditional models—or the classic beauty of the Eldorado—come in soon and discover new elegance and excitement in luxury motoring!

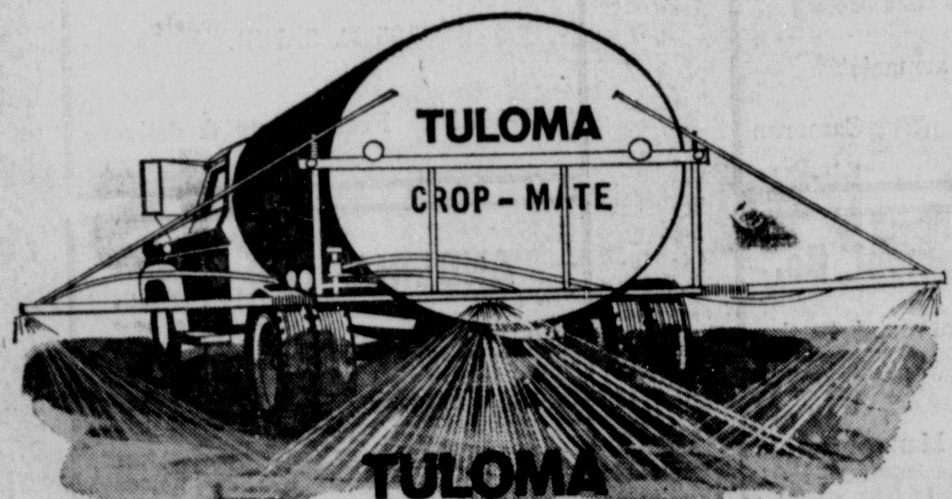

THE NEW 1968 CADILLACS ARE NOW ON DISPLAY AT YOUR AUTHORIZED CADILLAC DEALERS.

Are you a lure dangler? Before
 you get out of the boat, detach
 your lure and put it in your tackle
 box. You are taking a chance of
 hanging a hook in a fishing buddy,
 or even yourself. Cautious anglers
 tie on a rubber plug used for prac-
 tice casting.

In Paraguay there is a firefly
 called the railway beetle, which
 flashes a red light at the ends of
 its body and a green light along
 the sides.

Jones Prairie

By Mrs. Bill Thweatt

The W. M. S. met at the church Tuesday for the State's Mission Day of prayer program and a covered dish luncheon. There were five members present.

Mrs. Hope Jamison, Mrs. Carlton Crook, Mrs. Elvin Harwell, Mrs. Roy Weems, and Mrs. Bill Thweatt attended the "42" Club party at the home of Mrs. L. C. Boyd Wednesday afternoon.

Burnett Atkinson, Ted Martin, and Rock Thweatt went to Rockdale Friday night to the Rockdale-Cameron game.

Rev. Ben Curtis was a Sunday dinner guest of Mr. and Mrs. Harry White.

Mrs. Julian Burnett is a patient at Newton Memorial Hospital. We hope she will be returning home soon.

Mrs. Estelle Maddox of Cameron spent several days last week with Mr. and Mrs. Elvin Harwell.

Mrs. Bill Thweatt went to Mrs. Dan Thweatt's in Cameron Thursday to play "42".

Mrs. Eula Vaughan and Mrs. Luther Todd visited Mr. and Mrs. Elvin Harwell Sunday afternoon.

Mr. and Mrs. Willie Phipps have just returned from a trip to Holly Branch, Tenn. They were accompanied by Mr. and Mrs. Thomas Hickman of Waco. They spent some time with their daughter and family, Mr. and Mrs. Art Poch and son Ken.

Food Assistance Programs Under Change By USDA

The U. S. Department of Agriculture's Food Assistance programs are undergoing change. Objective of the change is to provide an adequate diet for more people at less cost.

Miss Frances Reasonover, Extension foods and nutrition specialist at Texas A&M University, points out that the USDA program now reaches about 5 million people in over 2,200 counties.

Changes being made in the food assistance program include:

Food stamp coupons are being reduced in the lowest income category from \$2 per person per month to 50 cents. Thus, families of six or more that pay \$12 a month for \$72 to \$94 worth of food coupons will pay \$3 and receive the same amount of coupons. When families cannot pay even this amount, the counties are expected to provide payment from local sources, the specialist points out.

Food coupon purchase price will be cut in half for families the first month they participate in the program. Miss Reasonover says this is designed to help low-income families who find it hard to raise enough cash to enter the program.

"Program aides" who live in low-income neighborhoods will be hired to help families join the program and will work with them to correct food stamp problems as soon as they occur.

Nutrition educational programs for low-income families will be set up in every county.

The number of food stamp supervisory offices will be increased.

Financial assistance will be made available to counties with inadequate tax resources to start a commodity distribution program.

Grocers accept the food stamps for cash value printed on them, Miss Reasonover states. Each grocer then deposits food stamp coupons with the local bank which credits his account for the printed dollar value. Local banks are reimbursed by the Federal Reserve Bank from funds appropriated by Congress for food assistance. Coupons are not redeemable for anything but food.

Old Time Fiddlers Contest At Rockdale

ROCKDALE

A championship Old Time Fiddlers Contest has been scheduled in Rockdale at 2 p.m. Saturday, Sept. 23, by the Rockdale Chamber of Commerce.

Entries are expected from throughout the state and prize money will be \$50 for first place, \$25 for second, \$12.50 for third and \$7.50 for fourth.

Chamber president G. K. Worley said that the event will be held on the lawn of the Lucy Hill Patterson Memorial Library in downtown Rockdale. John T. Dodd of Milano will be chairman of arrangements.
